### **Please Support this Campaign asking for Amendments to STATUTORY INSTRUMENT 2627 WELFARE OF HORSES AT MARKETS ( & OTHER PLACES OF SALE) 1990**

The 1990 Order was put in place to protect the welfare of equines in markets and other places of sale and in it's time it was better than the bland and non directional legislation it replaced but that was then and this is now. The time has come to increase protection for equines in auctions.

This charity, Equine Market Watch Sanctuaries UK, using our team of volunteers across the UK, monitor the welfare of many auctions and markets, horse fairs and other places where horses (and other animals) may be offered for sale. We are calling for Animal Welfare Ministers to make improvements to the Order and to include many of the N.E.W.C. Code of Practice within those changes. We will be presenting our petition to ministers on December 10<sup>th</sup> 2010 in London. If you agree please sign today
